## 2020 Grand Marshal

The JCRA is proud to announce Fred Bell as the 2020 Parade Grand Marshal. Fred has been a part of the Jefferson County Rodeo since 1945, participating in the parade down main street horseback. He and his wife Cleone owned and ran the business 'The Fountain' in the late 50's, serving as a local hangout for many Jefferson County kids. Fred has been instrumental with the Jefferson County Rodeo by volunteering in the concession stand, building bleachers, and doing any ground work that needed to be done. Fred also served on the City Council for many years, lobbying to keep the cemetery and rodeo grounds in County hands instead of State. We thank Fred for his tremendous service to our community.

## Laurie Vossler

Memorial In-County Rodeo

The 2020 In-County Rodeo is dedicated to the memory of Laurie Vossler. Among the many things Laurie did to keep himself busy were helping his sons run their businesses, various construction projects, and fulfilling his lifelong dream of cattle ranching, including all the farming, haying, and hard work that came with it. Laurie loved his cows so much that he recently went out to the pasture in the middle of the night to settle his nervous cows down by singing "You are My Sunshine" to them. Laurie loved to laugh, tell jokes, and pull pranks and practical jokes. He was a kind, gentle, and caring man with a one-of-a-kind smile and sense of humor. He will be missed by so many.

## Anika McCauley

Memorial Kid's Rodeo

The 2020 Kid's Rodeo is dedicated to the memory of Anika McCauley. She served several terms as treasurer of the Jefferson County Rodeo Association and secretary for the Jefferson In-County Rodeo. She was also a founding member of the Boulder Celebrations Committee, a board member of Big Brother and Sisters, a member of the Boulder Area of Commerce and restarted the 4H Club in the Boulder area. Though she overcame many challenges in her lifetime she could not overcome the challenges of a glioblastoma brain tumor. Anika's kindness, ambition and friendship are missed tremendously.
